

# Getting your BYO device ready for school: Intune

## Windows version

Intune is a secure mobile management system that allows you to use school Wi-Fi, emails, learning applications and websites on personal devices.

These instructions will show you how to enroll a BYO Windows device into Intune and install an application. This process may take up to 15 minutes to complete. Before you start, please have ready the email address and password that has been supplied to you by the school. If you do not have this information, please contact your school to obtain these details. You may find some of the screens look different to the ones provided here if you have an older version of Windows.

If the installation fails at any time, please re-open the Intune app and try again.

## How to install Intune

### **Step 1**

Connect to the internet and select the **Windows icon** at the bottom left hand corner of your screen.

**Step 2**

Select the **person** icon.

**Step 3**

Select **Change account settings**.

**Step 4**

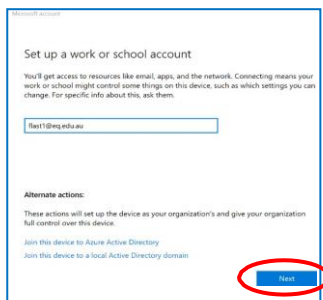

Select **Access work or school**.

If your account is already listed, select it and then select **Disconnect**.

Then select **Connect**.

## Step 5

Microsoft account

Set up a work or school account

You'll get access to resources like email, apps, and the network. Connecting means your work or school might control some things on this device, such as which settings you can change. For specific info about this, ask them.

flex1@eq.edu.au

Alternate actions:

These actions will set up the device as your organization's and give your organization full control over this device.

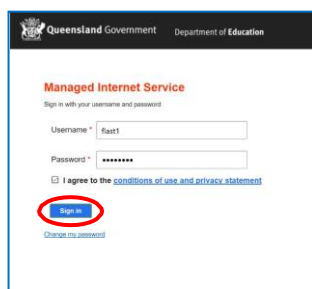

Join this device to Azure Active Directory

Join this device to a local Active Directory domain

Next

Enter your school  
@eq.edu.au email address  
and select **Next**.

## Step 6

Queensland Government Department of Education

Managed Internet Service

Sign in with your username and password

Username \* flex1

Password \* \*\*\*\*\*

I agree to the [conditions of use and privacy statement](#)

Sign in

[Change my password](#)

The username may appear  
in the Username field in the  
Managed Internet Service  
screen.

If not, please enter your  
username, password, accept  
the terms and conditions,  
and **Sign in**.

## Step 7

Please select **Done**.

## Step 8

Check your account has been added. Your account details will be displayed.

## Step 9

Select the Windows icon at the bottom left-hand corner. Wait for the Company Portal app to install.

### Step 10

Please restart your device.  
Select the **Windows icon** at the bottom left-hand corner, then the **power symbol** and then **restart**.

### Step 11

Settings will differ for everyone and you may be prompted to change your password. If you are, please do so.

When your device has restarted, the Intune set up is completed. It may take up to 15 minutes to finish installing. You can use your device in the meantime but please keep it connected to the internet.

You are now ready to install the apps your school has recommended.

## How to install an app

### Step 1

To install the apps, please select the **Windows icon** at the bottom left hand corner of the screen, and then open the **Company Portal** application.

If requested, sign in with your school user name and password.

### Step 2

Select **Show all** to see the apps your school has indicated you require.

### Step 3

Select an app to install. In this example, we will use **Word Mobile**.

**Step 4**

Select the **Install** button.

**Step 5**

A downloading message will be displayed during installation.

**Step 6**

The app has finished installing.

**Step 7**

To check your app has installed, select Installed apps and see it in the list.

Click the back arrow **Company Portal** to install additional apps, repeating Steps 2 to 7.
